

Help promote democracy in Kentucky!

KENTUCKIANS FOR THE COMMONWEALTH'S GRASSROOTS VOTER EMPOWERMENT VOLUNTEER TRAINING

Join us at this free training day to learn the skills to carry out this work this election cycle with other KFTC leaders and volunteers across the state!

KFTC seeks to build and promote an authentic, participatory democracy. Join us at this training to learn more about KFTC's approach to empowering voters and give you the skills needed to help empower voters this election season and beyond! KFTC's voter empowerment work is:

- **Long-term: not focused solely on election day**
- **Issue-focused: rather than focused on candidates or political parties**
- **Grassroots: from the ground up**
- **Inclusive: focusing on communities that are typically marginalized**

We use multiple strategies to build toward this democracy. These strategies primarily focus on voter registration, voter education, and voter mobilization. We also strive to get better elected leaders by creating space for good candidates to run, briefing existing candidates about important issues, and giving people the tools they need to run for office. Join us at this training to learn more about these strategies and get involved in helping out this summer and fall leading up to the November 2014 elections!

When: Saturday, July 12th 2014

Where: 117 W. Main St., Danville, KY
(St. Peter and Paul Catholic Church, Entrance on 1st St.)

Time: 10:30 a.m. to 4 p.m.
