

Dear Owen Electric Board of Directors,

We, the undersigned member-owners of Owen Electric Cooperative, petition the cooperative to adopt a **Members' Bill of Rights** that includes voting and **election safeguards**, as well as provisions for **open meetings** and **open records**. We support the right for members to attend board meetings and to have issues placed on board meeting agendas, the right to examine the records of the co-op, and the right to open and fair elections including nomination by petition for all board directors.

Sincerely,
