

**WE ARE  
KENTUCKIANS.**

**WE ARE OUR BEST HOPE FOR CHANGE.**

“ To me New Power is about a culture shift, from what we have now to one where clean, sustainable energy is the norm, not the exception. One where the political power is in the hands of all the people, not just those with the money or the influence. It’s one where the economic system is balanced so that everybody, all of us, have an opportunity to fulfill our needs and to pursue happiness. ”

# WHY KFTC?

ACROSS OUR STATE, EVERY DAY, ORDINARY PEOPLE  
ARE WORKING TOGETHER FOR NEW POWER.

“ I think New Power is creating a community of empowered people. And that is really where the New Power is going to come from – it comes from us. Every single one of us. We are the New Power to come. ”

**MOLLY TEVIS-ORONA**  
JEFFERSON COUNTY

“ KFTC is inclusive. You don’t have to be an expert in anything. You don’t have to have political connections. KFTC understands that everyone is an expert in their own lives. If you live in Kentucky and you care about Kentucky and you care about your community, you can work with KFTC and build the kind of New Power that you and your neighbors want to see. ”

**STEPHANIE TYREE**

LETCHER COUNTY

## We have a vision:

We are working for a day when Kentuckians -and all people- enjoy a better quality of life.

When the lives of people and communities matter before profits.

When our communities have good jobs that support our families without doing damage to the water, air, and land.

When companies and the wealthy pay their share of taxes and can't buy elections.

When all people have health care, shelter, food, education, and other basic needs.

When children are listened to and valued.

When discrimination is wiped out of our laws, habits, and hearts.

And when the voices of ordinary people are heard and respected in our democracy.
